Nothing Cleans Waterways Better Than Weedoo!

TC-3014 Workboat

SPEC SHEET

WHAT THE HULL!

The TC Series has the stability of harvesters several times their size because of a unique hull design allowing maximum payload and balance. And they're able to accomplish this in an eco-friendly manner that preserves nature.

Fiberglass/Kevlar hull configuration includes front-end loader with universal marine bucket system and T-1305 highway transportation trailer. Factory installed PowerPack features diesel engine with electric start. Cyclonic hydraulic system provides eco-friendly fluid to high efficiency triple pump setup producing 27 GPM. System includes twin propulsion outdrives with Weedoo Weed-N-Mud propellers and quick-change hydraulics for aquatic work attachments.

Engine factory installed power platform features Kubota Dg02-T-E4 3-cylinder liquid cooled, turbo diesel engine (Tier 4 Final) with electric start and alternator.
